*"We received bids from a few electricians and went with the cheapest price. That was a mistake, as the previous electrician botched the electrical upgrade and wiring. A friend told us to call Essential Electric. Ryan came out and fixed the faulty wiring problem we were having at minimal cost, and actually told us his pricing for the original scope of work was comparable. Great service at a great price. Ryan, you are the only call we are making from here on. Thank you so much." -Jason E*

*"The best electrical installations and repair available. We promise."*

**A MESSAGE FROM RYAN WEEMS,  
OWNER OF ESSENTIAL ELECTRICAL:**

Since I was a young boy, I've always enjoyed working with my hands alongside my father and grandfather. There was a sense of accomplishment from a hard day's work. I knew I wanted to make a living doing high-quality hard work, and I was drawn to the electrical field.

As I worked as an apprentice and journeyman with a few companies, I began to notice that something was missing from everyone of them that my family had taught me -- Do what you say you are going to do. That's my mission. It's why I am in business for myself. I want to stand behind everything that I promise.

- The promise to show up on time.
- The promise to deliver professionalism.
- The promise to be knowledgeable and relay that information to you.
- The promise to be cost efficient.
- The 100% satisfaction guarantee - If we can't fix your problem, there is no cost to you.
- The promise to give you peace of mind by having proper licenses, insurance and bonds.
- The promise to deliver excellent electrical work.
- The promise to exceed your expectations.

These promises aren't ambitious. They are essential to an electrical company striving to be the best for you. That's Essential Electrical.

**RYAN WEEMS**  
**ELECTRICAL CONTRACTOR**

**REFERENCES:**

*"I really enjoyed working with Ryan. He came out on time, informed me of the cause of the problem. I appreciate that he explained the options to remedy the problem along with quotes for each solution. We scheduled a day and time, and to my surprise he showed up again, on time. He told me the job would take a few hours and he finished in a timely manner. I absolutely loved his professionalism."*  
-Zachary L

*"These days it's nearly impossible to find a contractor that takes his job seriously but I found one with Ryan at Essential Electric. Ryan follows through on what he says. He was completely professional in his work and conduct. His pricing is competitive and he explains what and why something needs done.*

*As a Realtor, that's very important to me and it's why I am more than happy to refer my clients to him. My clients have given me rave reviews about him and his work and that says a lot. So if you want a reliable contractor, use Ryan at Essential Electric. You won't be disappointed."* -Michelle P
